Independent Auditor's Report

Governing Board Collegiate Charter High School of Los Angeles Los Angeles, California

Report on the Financial Statements

We have audited the accompanying financial statements of Collegiate Charter High School of Los Angeles (the Organization) (a California Nonprofit Public Benefit Corporation), which are comprised of the statement of financial position as of June 30, 2020, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Organization, as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information as listed on the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management, and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 12, 2021 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Note 1 - Principal Activity and Significant Accounting Policies

Organization

Collegiate Charter High School of Los Angeles (the Organization) was incorporated in the State of California in 2014 as a nonprofit public benefit corporation that is organized under the Nonprofit Public Benefit Corporation Law exclusively for charitable and educational purposes within the meaning of 501(c)(3) of the Internal Revenue Code of 1954. The Charter School was approved by the State of California Department of Education on March 12, 2015. The Charter School opened on August 18, 2015 and currently serves approximately 196 students in grades nine through twelve. In 2019, the Charter School was renewed by Los Angeles Unified School District for five years ending on June 30, 2025.

Charter school number authorized by the State: 1722

The Charter School is located in Los Angeles, California at 312 N. Record Avenue. The mission of Collegiate Charter High School of Los Angeles is to prepare all scholars in grades nine through twelve for success in fouryear colleges, professional careers, leadership in their communities, and lives of opportunity. Any student may attend Collegiate. With a commitment to hard work and focus, every student who chooses Collegiate will graduate ready to succeed at the college of their choice.

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as applicable to nonprofit organizations. Revenues are recognized as discussed below, and expenditures are recognized in the accounting period in which the liability is incurred.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets with Donor Restrictions – Net assets subject to donor (or certain grantor) restrictions. Some donor imposed (or grantor) restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization reports contributions restricted by donors as increases in net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends, or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Receivables and Credit Policies

Accounts receivable consist primarily of noninterest-bearing amounts due for educational programs. Management determines the allowance for uncollectable accounts receivable based on historical experience, an assessment of economic conditions, and a review of subsequent collections. Accounts receivable are written off when deemed uncollectable. No allowance for doubtful accounts has been established, as the Organization deems all amounts to be fully collectible. Substantially all outstanding accounts receivable as of June 30, 2020 are due from state and/or federal sources related to grant contributions and are expected to be collected within a period of less than one year.

Property and Equipment

Property and equipment additions over \$1,000 are recorded at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statement of activities. Cost of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

The Organization reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

Revenue and Revenue Recognition

Revenue is recognized when earned. Operating funds for the Organization are derived principally from state and federal sources. The Organization receives state funding based on each of the enrolled student's average daily attendance (ADA) in its school. Contributions are recognized when cash or notification of an entitlement is received. Conditional contributions, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The majority of the Organization's federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

Contributions of goods are recorded at fair value. Contributions of services are recorded at fair value as revenue at the time the service is rendered when specialized skills are required and when the Organization would otherwise purchase the services. No amounts have been reflected in the accompanying financial statements for contributed goods or services during the year being reported because items did not meet the definition above. Contributions with donor restrictions received are recorded as increases in net assets with donor restrictions. Net assets with donor restrictions received are recognized as revenue without donor restrictions when the terms of the restrictions are met, which may be in the same period if the revenue is received and the restriction satisfied during the same period. All contributions are considered to be available for use without donor restrictions restrictions unless specifically restricted by the donor.

Functional Allocation of Expenses

The financial statements report categories of expenses that are attributed to program service activities or supporting services activities. The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management's estimates. The expenses that are allocated include occupancy which are allocated on managements estimates, as well as salaries and wages, benefits, payroll taxes, professional services, and other, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization is organized as a California nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), and qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi). It is also exempt from State franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code. The Organization is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Organization determined that it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Financial Instruments and Credit Risk

Deposit concentration risk is managed by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, no losses have been experienced in any of these accounts. Credit risk associated with accounts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of the Organization's mission.

Recent Accounting Pronouncements

In February 2016, FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*. ASU 2016-02 requires a lessee to recognize a lease asset representing its right to use the underlying asset for the lease term, and a lease liability for the payments to be made to lessor, on its statement of financial position for all operating leases greater than 12 months. Although the full impact of this update on the Organization's financial statements has not yet been determined, the future adoption of this guidance will require the Organization to record assets and liabilities on its statement of financial position relating to facility and other leases currently being accounted for as operating leases.

The ASU is effective for the Organization for the year ended June 30, 2022. Management is evaluating the impact of the adoption of this standard.

FASB Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers*, as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or at a point in time, and expand disclosures about revenue.

Topic 606 is effective for the Organization for the year ended June 30, 2021. Management is evaluating the impact of the adoption of this standard.

Change in Accounting Principle

The Organization has adopted the provisions of ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* (ASU 2018-08) applicable to contributions received and has early adopted the provisions of contributions made. ASU 2018-08 clarifies and improves the scope and the accounting guidance for contributions received and contributions made. Management has adopted this standard because it assists the Organization in evaluating whether transactions should be accounted for as contributions or exchange transactions and in determining whether a contribution is conditional. As of July 1, 2019, the Organization has implemented the provisions of ASU 2018-08 on a modified prospective basis to agreements that were not completed as of the date of adoption or were entered after the date of adoption. Management has determined that the adoption of this standard did not have a significant impact on the Organization's financial statements.

On June 3, 2020, the FASB issued Accounting Standards Update (ASU) 2020-05, *Revenue from Contracts with Customers* (Topic 606) and *Leases* (Topic 842) Effective Dates for Certain Entities, as part of its efforts to support and assist stakeholders as they cope with the many challenges and hardships related to the COVID-19 pandemic.

ASU 2020-05 defers the effective date of FASB ASC 606, *Revenue from Contract with Customers*, for certain entities that have not yet issued their financial statements (or made financial statements available for issuance) reflecting the adoption of FASB ASC 606. Those entities may elect to adopt FASB ASC 606 for annual reporting periods beginning after December 15, 2019, and for interim reporting periods within annual reporting periods beginning after December 15, 2020. Those entities may elect to follow the original effective date of annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019.

The effective date for a public business entity, a nonprofit entity that has issued, or is a conduit bond obligor for, securities that are traded, listed, or quoted on an exchange or an over-the-counter market, and an employee benefit plan that files or furnishes financial statements with or to the Securities and Exchange Commission (SEC) is not affected by the amendments in this ASU.

The effective date of FASB ASC 842, *Leases*, is deferred by one year, as follows:

For private companies and private nonprofits, to fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022.

For public nonprofits that have not yet issued their financial statements (or made financial statements available for issuance) reflecting the adoption of FASB ASC 842, to fiscal years beginning after December 15, 2019, including interim periods within those fiscal years.

The Organization has adopted this standard as management believes the standard improves the usefulness and understandability of the Organization's financial reporting. Accordingly, there is no effect on net assets in connection with the implementation of ASU 2020-05.

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash Accounts receivable	\$ 231,990 392,909
Total	\$ 624,899

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due.

Note 3 - Property and Equipment

Property and equipment consist of the following at June 30, 2020:

Computer and equipment	\$ 54,660
Less accumulated depreciation	 (41,950)
Total	\$ 12,710

Note 4 - Line of Credit

The Organization renewed the agreement with California Credit Union on March 24, 2020 in which the Organization maintains a \$100,000 line of credit. At June 30, 2020, no balance is outstanding or drawn on this line. The interest rate on this line of credit is 6.75 percent. The line expires on March 26, 2021.

Note 5 - Facility Use Agreement

The Organization entered into a Single-Year Co-Location Use Agreement (Agreement) with Los Angeles Unified School District (LAUSD) for the property located at 312 N. Record Ave, Los Angeles CA 90063. The single-year term of the Agreement expires June 30, 2020. Per the Agreement, LAUSD may not charge the Organization rent in exchange for its use of District premises; however, LAUSD may charge the Organization an annual fee for use of the District premises consistent with *Education Code* Section 47614(b) (the "Pro Rata Share Charge"). Total annual Pro Rata Share charge due at June 30, 2020, was \$118,307.

Note 6 - Employee Retirement System

403(b) Tax Deferred Annuity Plan

The Organization sponsors a tax-deferred annuity plan (the Plan) qualified under IRC Section 403(b) covering substantially all full-time employees. The plan provides that employees who have attained the age of 21 and completed one year of service may voluntarily contribute from 3 percent to 10 percent of their earnings to the Plan, up to the maximum contribution allowed by the IRS. Employer contributions are discretionary and are determined and authorized by the Governing Board each plan year. During the years ended June 30, 2020, the Organization matched employee voluntary contributions up to 6 percent, resulting in contributions to the plan of \$31,280.

Note 7 - Contingencies

The Organization has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any reimbursement, if required, would not be material.

Note 8 - Subsequent Events

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through March 12, 2020, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

Subsequent to year-end, the Organization has been negatively impacted by the effects of the world-wide coronavirus pandemic. The Organization is closely monitoring its operations, liquidity, and capital resources and is actively working to minimize the current and future impact of this unprecedented situation. As of the issuance date of these financial statements, the full impact to the Organization's financial position is not known beyond increased cash flow monitoring due to state apportionment deferrals.

For the fiscal year 2020-2021, the Organization moved its primary location to 725 S. Indiana St., Los Angeles, 90023.

On November 9, 2020, the Organization increased the Line of Credit agreement with California Credit Union to \$200,000. The interest rate on this line of credit is 6.75 percent and expires on December 1, 2022.

Supplementary Information June 30, 2020 Collegiate Charter High School of Los Angeles

ORGANIZATION

Collegiate Charter High School of Los Angeles (Charter Number 1722) was granted in 2015 by the Los Angeles Unified School District. The Organization operates one school, grades nine through twelve.

Note 1 - Purpose of Supplementary Schedules

Local Education Agency Organization Structure

This schedule provides information about the Organization's operations, members of the governing board, and members of the administration.

Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the Organization. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to local education agencies. This schedule provides information regarding the attendance of students at the Organization.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Organization and whether the Organization complied with the provisions of *Education Code* Sections 47612 and 47612.5, if applicable.

The Organization must maintain their instructional minutes at the 1986-87 requirements, as required by *Education Code* Section 47612.5.

Due to school closures caused by COVID-19, the Organization filed the COVID-19 School Closure Certification certifying that schools were closed for 55 days due to the pandemic. As a result, the Organization received credit for these days in meeting the annual instructional days requirement. In addition, planned minutes covered by the COVID-19 School Certification were included in the Actual Minutes column but were not actually offered due to the COVID-19 school closure.

Reconciliation of Annual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the net assets reported on the unaudited actual financial report to the audited financial statements.

Independent Auditor's Reports June 30, 2020 Collegiate Charter High School of Los Angeles

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Governing Board Collegiate Charter High School of Los Angeles Los Angeles, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Collegiate Charter High School of Los Angeles (the Organization) which comprise the statement of financial position as of June 30, 2020, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 12, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rancho Cucamonga, California March 12, 2021

CPAs & BUSINESS ADVISORS

Independent Auditor's Report on State Compliance

Governing Board Collegiate Charter High School of Los Angeles Los Angeles, California

Report on State Compliance

We have audited Collegiate Charter High School of Los Angeles' (the Organization) compliance with the types of compliance requirements described in the 2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting applicable to the state laws and regulations listed in the table below for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the state laws and regulations as identified in the table below.

Auditor's Responsibility

Our responsibility is to express an opinion on the Organization's compliance with state laws and regulations based on our audit of the types of compliance requirements referred to below. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements listed below has occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on state compliance. However, our audit does not provide a legal determination of the Organization's compliance.

Compliance Requirements Tested

In connection with the audit referred to above, we selected and tested transactions and records to determine the Organization's compliance with the State laws and regulations applicable to the following items:

	Procedures Performed
LOCAL EDUCATION AGENCIES OTHER THAN CHARTER SCHOOLS	
Attendance	No, see below
Teacher Certification and Misassignments	No, see below
Kindergarten Continuance	No, see below
Independent Study	No, see below
Continuation Education	No, see below
Instructional Time	No, see below
Instructional Materials	No, see below
Ratio of Administrative Employees to Teachers	No, see below
Classroom Teacher Salaries	No, see below
Early Retirement Incentive	No, see below
Gann Limit Calculation	No, see below
School Accountability Report Card	No, see below

Annual Instructional Minutes – Classroom Based	Yes
Charter School Facility Grant Program	Yes

Programs listed above for local education agencies are not applicable to charter schools; therefore, we did not perform any related procedures.

We did not perform California Clean Energy Jobs Act procedures because the Organization did not receive funding for this program.

We did not perform procedures for the After/Before School Education and Safety Program because the Organization does not offer the program.

The Organization does not offer an Independent Study - Course Based program; therefore, we did not perform any procedures related to the Independent Study - Course Based Program.

We did not perform procedures for the Nonclassroom-Based Instruction/Independent Study nor for Determination of Funding for Nonclassroom-Based Instruction because the Organization is classroom-based.

Unmodified Opinion

In our opinion, Collegiate Charter High School of Los Angeles complied with the laws and regulations of the state programs referred to above for the year ended June 30, 2020.

The purpose of this report on state compliance is solely to describe the results of our testing based on the requirements of the 2019-2020 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.
